RE: AB 2030 (Arambula) – County of Fresno Citizens Redistricting Commission – SUPPORT

Dear Assemblymember Arambula:

The League of Women Voters of California writes to support AB 2030, which would establish a Citizens Redistricting Commission in Fresno County, charged with redrawing the boundary lines of the districts of the Board of Supervisors. AB 2030 creates criteria for redrawing districts and a process for adopting the redistricting plan. The League supported similar past legislation for Los Angeles and San Diego counties and believe that all counties would benefit from the independent process designed to protect voting rights, promote fair representation, and draw fair maps.

The League of Women Voters of California supports a state redistricting process and standards that promote fair and effective representation with maximum opportunity for public scrutiny. We believe responsibility for redistricting preferably should be vested in an independent commission with diverse membership that is representative of the public at large and protective of minority group interests.

The League was a proponent of Proposition 11 (the Voters FIRST Act) creating the state Citizens Redistricting Commission, which is nationally praised as a model for redistricting reform, and we continue to monitor the redistricting process in jurisdictions throughout the state.

AB 2030 follows Proposition 11 in many of its criteria and processes. The selection process excludes people from serving on the commission who are likely to have a conflict of interest, and it is independent of incumbents. Criteria for drawing district boundaries include compliance with the U.S. Constitution, equal population, and compliance with the federal Voting Rights Act; contiguity; maintaining the geographic integrity of cities, neighborhoods, and communities of interest; and, to the extent practicable, compactness. The bill also includes post-service restrictions on

commissioners' eligibility to run for office, hold appointive office, serve as staff in elective governmental agencies, or register as a lobbyist, like Proposition 11. Provisions regarding public accessibility to hearings are designed to ensure community participation in the redistricting process.

The League of Women Voters of California strongly supports AB 2030 to promote fair district maps in Fresno County.

Sincerely,

Carol Moon Goldberg
